

Assistant Consultant, Noise Impact Assessment (16 January 2014)

An exciting opportunity currently exists in our growing Hong Kong office which undertakes projects throughout Asia Pacific.

ERM in Hong Kong seeks an exceptional individual to join as an Assistant Consultant to undertake Noise Impact Assessments within the Environmental Management team.

RESPONSIBILITIES:

- Conduct noise impact assessment involving modelling, report writing and field work
- Some field works will be required to assist in environmental monitoring and audit

REQUIREMENTS:

- At least 1 year of consulting experience in noise impact assessment and work experience in overseas industrial projects
- Experience in carrying out noise impact assessment of industrial plants.
- Knowledge of noise abatement measures for industrial plants and experience in conducting noise surveys.
- Hands- on experience in using various noise assessment models including, but not limited to, Sound PLAN, RoadNoise is required
- A strong academic background, preferably with a qualification in physical science/ engineering
- Candidates having experience in vibration assessment and control would be ideal. Experience and skills in air quality assessment and modeling would be an advantage

*Applicants who have less consulting experience are welcome.

Your desire and ability to work as part of a team and take ownership of your work will see you thrive within your role.
