

# Hong Kong Institute of Acoustics

## Technical Visit to Shaw Auditorium

Date: 24 August 2024 (Saturday)  
Time: 3:00 pm – 5:00 pm; registration starts at 2:30 pm (2 CPD Hours)  
Venue: Shaw Auditorium, Hong Kong University of Science and Technology  
Fee: Free of charge. Priority to HKIOA Members and HKUST students

### Event Highlights

The Shaw Auditorium, designed by Henning Larsen Architects, is a new landmark for the Hong Kong University of Science and Technology (HKUST). It is a versatile venue suitable for a wide range of events and activities. With a flexible design, the auditorium can seamlessly transform from a concert hall for large orchestras to a conference hall, lecture auditorium, proscenium theatre, and exhibition space, making it an ideal choice for various events. The auditorium features retractable seating, allowing for multiple seating arrangements. It can accommodate 850 attendees for concerts and over 1,300 attendees in flat-floor configurations.

The Shaw Auditorium was honoured with the Gold Award in Architectural Acoustics at the Acoustic Award 2023 for its exceptional acoustic design, which ensures an immersive and captivating experience for all attendees.

During the event, speakers will share insights on various aspects of the auditorium, including the technical challenges during its construction, the functions it serves, the AV system in place, and the considerations taken into account for the acoustics design.

You are invited to join us for a technical visit to the Shaw Auditorium to explore its remarkable architecture, versatile functionality, and award-winning acoustics.

### Speakers

Mr. Sam Tsen, Senior Manager (Development), HKUST

Mr. Ivan Chan, Technical Director, Building MEP, WSP

Mr. KK Kwok, Senior Consultant, HK Manager, Marshall Day Acoustics

## Language

Cantonese with English Terminology

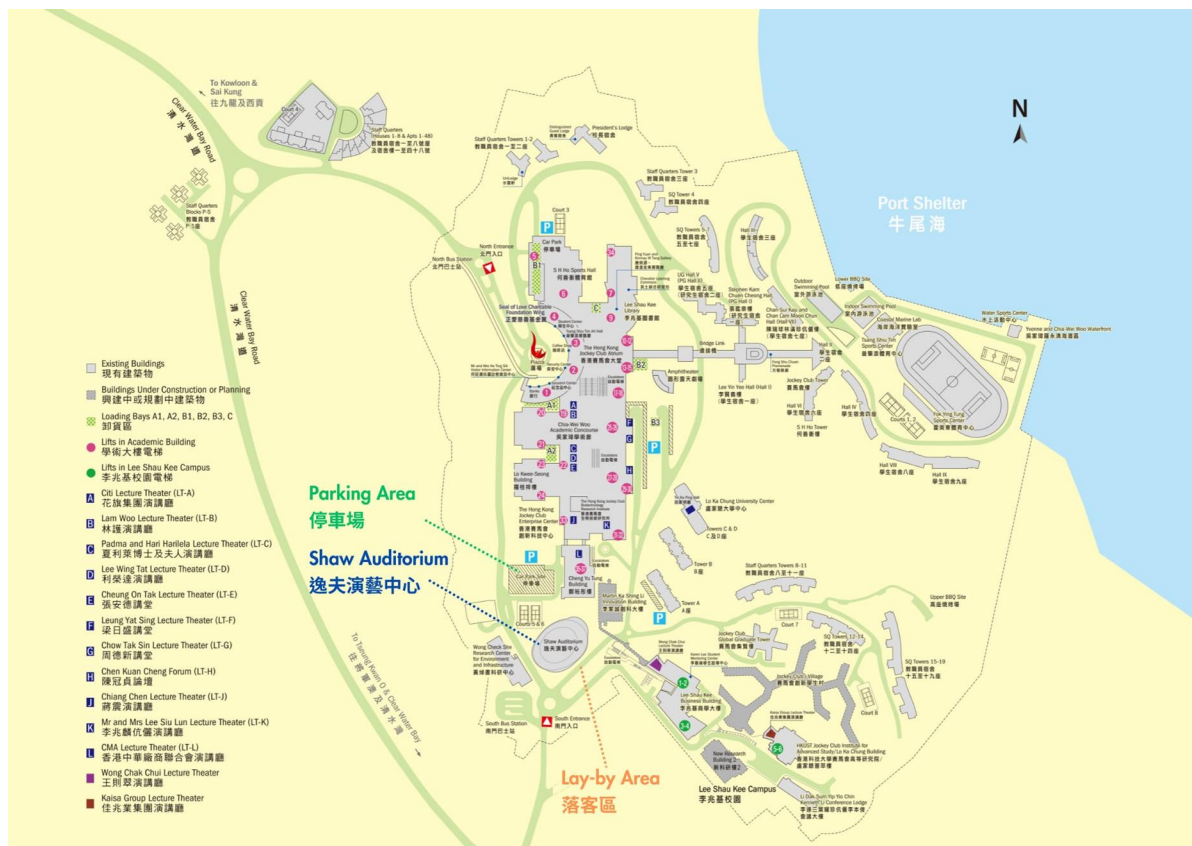

## Registration

The technical visit is free of charge and open to all interested parties. The total number of participants is limited to 50 for this event. Registration is accepted on a first-come-first-served basis, with priority given to HKIOA members and HKUST students. An electronic CPD certificate of 2 hours will be granted via email to the participants after the technical visit. For any queries, please don't hesitate to contact [admin@hkioa.org](mailto:admin@hkioa.org). Please complete the online registration by 10 August 2024 (Saturday). Email notification of successful registration will be delivered by 13 August 2024 (Tuesday)
