

Mr. Edward CHAN

CEng, MHKIOA, MIMechE, MIOA, MASA

Edward is a chartered acoustic engineer with over 10 years of expertise in the field. He started his career in the acoustic consultancy sector, specializing in building sound insulation, room acoustic design, and mechanical services noise and vibration control. Currently serving as Environmental Protection Officer at EPD, his responsibilities include noise planning, managing Retrofit Noise Barrier Programme and acoustic R&D projects.

Edward also strives to develop smart technologies to alleviate noise problems in Hong Kong, such as AI sound recognition system for construction noise management. His projects, representing EPD, have achieved awards in HKIOA Acoustics Awards 2023 and 50th International Exhibition of Inventions Geneva 2025.

Edward has contributed to the Membership Sub-Committee since 2024, and will serve as one of the speakers for HKIOA Certificate Course 2025.

Franki Chiu is a Director of Ove Arup & Partners HK Ltd. He has more than 25 years of experience in managing large scale environmental impact assessment (EIA) studies for infrastructures and planning studies. Environmental noise assessment is one the key aspects under the EIA. Project types that he managed include new town planning, highway, reclamation, railway etc.

Franki is the lead to liaise with green groups to consolidate and incorporate their views in the design, and is responsible for presenting the EIA findings and recommendations to the Advisory Committee of the Environment to secure EIA approval. He is also responsible for the technical development for Arup's environmental teams in Asia.

Since 2022, he has been serving as one of the Executive Council members of HKIOA. He participated from inception to implementation of the HKIOA Specialisation Scheme and QNM Scheme.

Chris Kwun-ting KWOK

Mr. Kwok is an Environmental Protection Officer in the Environmental Protection Department of the Hong Kong Government. He graduated from the University of Hong Kong before he pursued his Master of Science's degree in Imperial College London.

Mr. Kwok has over 15 years of experience on the noise and acoustic field through his work experience in the consultancy, property developer and the government body. His specialist is on environmental assessment, particularly on environmental noise assessment and noise control.

Mr. Kwok had been the member of the executive committee of HKIOA over the last 9 years. He had arranged and organized over 30 events for the acoustic professionals in Hong Kong and overseas, and had been actively involved in handling membership application to HKIOA. Mr. Kwok is dedicated to contribute to the development of the HKIOA.
